## PRESIDENT WILSON ASKED TO REMOVE BURLESON NOW

### ARMED INTERVENTION PROBABLE

COPENHAGEN, June 18.—The amended peace terms have aroused a sentiment of growing implacability in Germany and armed intervention by the allies is regarded as inevitable, according to the Berlin correspondent of the Bolitiken.

The Socialist Vorwaerts of Berlin says it expects a re-opening of hostilities as soon as the seven days given Germany to make reply have expired.

The Fremdenblatt of Hamburg says it learns that the allied terms have caused great excitement in eastern Germany, where the population is ready to reopen the fight.

ADINKERKE, Belgium, June 18.—President Wilson has ordered all American vessels unloading in German ports to disregard British orders to cease discharging their cargoes, it was learned today. American naval vessels, it was said, were also ordered to disregard a British order for re-establishment of the blockade of Germany.

The above dispatch is the first intimation received in this country that Great Britain had undertaken to re-establish a complete blockade.

## ASK REMOVAL OF POSTMASTER-GENERAL

ATLANTIC CITY, N. J., June 18.—A resolution asking President Wilson immediately to remove Postmaster-General Burleson from office was adopted unanimously today by the American Federation of Labor, in convention here.

This was the resolution:

"That the American Federation of Labor, speaking directly for four million organized wage earners and firm in the belief it reflects the sentiment of the American people, requests President Wilson immediately to remove Postmaster General Burleson."

The federation adopted a resolution asking the House Committee on merchant marine and fisheries to investigate alleged failure by Secretary of Commerce Redfield to enforce the seamen's act provisions aimed against illiteracy among crews of ocean going vessels leaving American ports.

## HOUSE AGAIN VOTES ON PROHIBITION

WASHINGTON, June 18.—The House Judiciary Committee agreed today to vote Saturday on a proposal by Representative Gard, Democrat, Ohio, which would authorize the President by proclamation to modify the war-time prohibition law in so far as it relates to the manufacture and sale of beer and light wines.

The committee has eliminated that section of the bill proposing appointment of a prohibition commissioner to have general charge of enforcement of the law, and approved an amendment turning this work over to the commissioner of internal revenue.

## FURTHER BOMB OUTRAGES EXPECTED

WASHINGTON, June 18.—Further bomb outrages are expected by William J. Flynn, chief of the bureau of investigation of the department of justice who said today every precaution was being taken by police throughout the country to forestall the radicals.

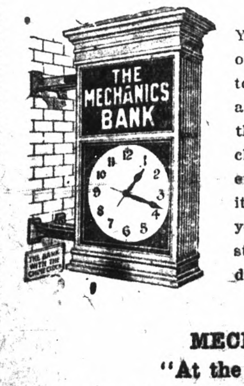
All of the recent bomb outrages have been connected, Flynn said, and were inspired by a purely domestic element, which virtually has been identified.

## DARING ROBBERY IN SAN FRANCISCO

SAN FRANCISCO, June 18.—Hurling a bar of iron through the plate glass window of Aubert's Diamond Palace, at 2700 Mission street, at 1 o'clock that afternoon three daring bandits attempted to make away with a tray of diamonds which one of them seized. While one of the bandits fled down Mission street with tray, he was followed by a shower of bullets from the revolver of one of the Aubert brothers who started in pursuit. Panic stricken, the bandit dropped the gems to the sidewalk, jumped into an awaiting automobile and made his escape. The bandit who hurled the iron bar was captured, and at the Mission police station gave his name as W. John Meeham, age 24, and a machinist by occupation.

The ladies of St. Mark's church held another of their delightful whist parties in the church yesterday afternoon. These are weekly events and always draw out a good crowd.

Have You Started That Checking Accouut?



Yes? Well then you have eliminated one of the great sources of worry that comes to every household that pays the bills in a hap-hazard way. No matter how small the amount, when you have paid it by check you have protected yourself from errors that might be made by your creditor. You have an everlasting receipt in your check stub. If you have neglected starting a checking account until now, don't put it off any longer.

## Y.M.C.A. COMMITTEE BUSY AT LUNCHEON

Another big step designed to bring a suitable Y. M. C. A. to Richmond was taken yesterday when a luncheon of the executive committee on the project was held in the Tivoli cafe. All but two of the members were present and important business was dispensed with which will help secure for Richmond the object of their desires.

Charles Puehler, state industrial secretary, and E. H. Goodenow, his associate and bay industrial secretary for San Francisco, were present and added many useful suggestions in the formation of the plans of the committee. The meeting was most enthusiastic and the Y. M. C. A. officials were well pleased with the attitude here.

It was decided to employ a Y. M. C. A. secretary for this city at once and also to appoint a finance committee to secure funds to support the movement. On the finance committee will be Judge D. J. Hall, W. H. Lunceford and Charles J. Crary. Dr. W. M. Bullock was elected secretary of the committee.

Those of the committee present were P. M. Sanford, chairman; Fred Heckman, H. C. Stidham, Prof. W. T. Helms, F. E. Beck, G. J. Crary and Dr. W. M. Bullock. E. H. Harlow and W. H. Lunceford, of the committee, were unavoidably absent. Judge D. J. Hall was added to the committee by consent.

## MEETING WILL BE HELD CN MONDAY

### War Veterans Will Organize To Keep Alive Principles Of Justice, Freedom and Democracy, To Uphold and Defend the Constitution of The United States and To Foster 100 Per Cent Americanism.

Returned soldiers and sailors will hold a big meeting in the office of the local exemption board next to the postoffice on Monday evening, June 23, when steps will be made to organize a local branch of the American Legion, a non-partisan and non-political association to be formed of men who have been in the naval or military service.

Capt. Roy L. Hall of the 140th Infantry, 35th Division; First Sergt. Ross L. Calfee of the 363rd Infantry, 91st Division; and Sergt. O. C. Yenne of Company K, 159th Infantry, 40th Division, are taking steps toward the organization of the legion in Richmond. Col. Matthewson of the state executive office will be present to address the meeting. The following statement was issued last night by the leaders of the movement here:

Richmond, California,
June 17, 1919.

To the Comrades of the World War:

In Paris, on March 15th, 1918, over one thousand officers and men representing every combat and S. O. S. unit of the A. E. F., met to organize a non-partisan and non-political association of the veterans of the great war, an association which shall keep alive the principles of justice, freedom and democracy, for which these veterans fought and shall preserve to future generations the history and incidents of their participation in the war, and shall cement and perpetuate the ties of comradeship formed in service.

The committee was named, met in St. Louis on the 8th, 9th, and 10th of May of this year, composed of men who had been in the military or naval service of the United States, either hereor overseas, and which resulted in the formation of the American Legion, a national institution, and is growing very rapidly.

**Preamble**

For God and Country we associate ourselves together for the following purposes:

To uphold and defend the Constitution of the United States of America; to maintain law and order; to fetter and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the great war; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

In the city of Richmond twenty-five hundred men were called for military service. Only sixteen hundred of these went, the other nine-hundred were aliens who asserted their rights as such and demanded exemptions, and remained at home for you to protect, and who reaped the benefits from the war and your secrifices; there is legislation that must be enacted to keep this from again happening; it is to your interest as American citizens to affiliate yourself with this body.

Be with us on Monday night.

The man seldom comes from behind his Paper until the Baseball season is over. Right now he is in the last half of the Ninth, score 0 to 0, with two men out. He is a Newspaper Baseball Fan and never saw a Big League in his life, but he is a Redhot Fan just the same.

## TELEPHONE SERVICE STILL PARALYZED

Telephone service in Richmond was still paralyzed at a late hour last night and no settlement of the strike between the operators and linemen and the telephone company is in sight. One operator was kept at work yesterday on doctors and hospitals services and the police and fire phones are being protected.

Some service was also given to patrons where at all possible in the day time, but at night all service was discontinued. Although at first reported to the contrary, Wire Chief Etter also joined the ranks of the striking operators and linemen here. Manager Calvert reports that he has not yet received help from outside cities, but with his one operator he is taking care of as many calls as possible.

The pickets from Oakland and Berkeley are still guarding the office and all persons attempting to enter the telephone exchange here are acquainted with the conditions of the strike. The demands of the strikers are briefly outlined as follows:

According to the present wage scale beginners are paid $9 per week and the salaries range up to $13.50, according to experience. They are granted time and one-half for work on Sundays and holidays, and receive one week's vacation on full pay each year. The demands of the union are for a scale of wages from $2 to $4 per day, double time for overtime and Sundays and holidays, and two weeks' vacation on full pay each year.

A number of local businessmen are combining to prevent the 'phone company from attempting to collect the usual fees for the telephones during the period of the strike. Attorney H. J. Wildgrube has been retained to represent the businessmen, it being contended that the telephone company is liable for loss of business if they charge for their service during the period of the strike.

## Conductresses On Miramar Program

## GENERAL LABOR NOTES.

Practically 33 per cent of the employees in Italian automobile factories are women.

Motion picture operators have been given a six-hour day and a 40 per cent increase in wages.

Stove molders at Indianapolis have been granted an eight-hour day and a 22 per cent increase in wages.

The total domestic production of woolen and cotton goods in Argentina, carried on in some eighty-one factories, is stated to have a value of $10,722,594, and to employ about 8,384 operatives.

The Roman Catholic trade unionists of Alsace-Lorraine, in a meeting held at Strasburg convened by the "Syndicats Chretiens," decided, after a prolonged discussion, to form a new trade unionist but nonsocialist organization. There will be six sections in the new organization, which will be known as "L'Association Syndicaliste Independante d'Alsace et de Lorraine."

Charges of bad faith are made by officials of the Marine Workers' affiliation against T. V. O'Connor, president of the International Longshoremen's association and other officers of the longshoremen's organization. Leaders of the harbor strike accused them of trying to bring about a settlement with the private boat owners at lower wages and longer hours than agreed to by the railroad administration. The council affirmed its loyalty to the striking unions and rebuked the marine affiliation's officers.

The women and girls employed in the shops of the Oregon Short Line railroad, at Pocatello, Idaho, are being replaced by returning soldiers as these come home and desire to be employed again by that railroad. It is understood that eventually the girls will be replaced entirely and none employed in the shops. The railroad is employing women as telegraph operators and station agents in some of the smaller towns. The women in these positions receive the standard wages, the same that men would receive in these places.

Prepared to make a strong demonstration in favor of a 44-hour working week, the organized clothing and garment workers of Montreal attained their object amicably when the Clothing Manufacturers' association decided to grant what the workers were asking for. The change will come into effect on April 1, and the employers will pay the same rate of wages as formerly. The Clothing Manufacturers' association is composed of 14 of the leading firms in that line in the city, and it is expected that other manufacturers will adopt a similar course.

Criticizing the policy of employers who retain women employees, State Labor Commissioner Sam B. Montgomery declared that the employment situation in West Virginia was becoming more serious every day. "In the coal mining districts 16,000 men have no work at all," he says; "2,750 railroad men have been laid off, 3,000 employees in the woodmen's branch of the lumber industry are out of work and hundreds of others are seeking jobs. The stagnation in the iron and steel business, the coal business, the indiscriminate cancelling of government contracts, failure to resume building operations in the state—all are factors in making the situation troublesome."

Increased wages of $60,000 a year for the car men, $7,000 a year for the shop and barn men, and $6,000 for track men were given the employees of the Utah Light and Traction company in an award of a board of arbitration.

One hundred piano movers of local 738, Chicago, won part of their demands against the Musical Trades Cartage association when Judge Sabath, acting as arbitrator, awarded them $5 more a week in wages and a raise of 20 cents an hour for overtime. They demanded an increase of $9 a week.

# H. C. OF WRITING DROPS ON JULY 1

Rates of postage will return to the pre-war basis on July 1. Postmaster Stairley announced yesterday.

Beginning on that day, 1 cent will prevail as the postcard rate, instead of 2 cents, and 2 cents will take the ordinary letters anywhere in the United States, instead of the 3 cents required during the war period for other than letters to local addressees.

Stairley said that, during July, 3 cent envelopes and 2 cent postcards will be redeemed in desired denominations for their postage and envelope value. After July 31, the envelopes will be redeemed only for their postage value, and postcards for only three-quarters of their postage value. They must be in good condition.

Under no circumstances, Stairley said, will 3 cent stamps be exchanged.

### Aviator's Heart Enlarged.

Doctors Etienne and Lamy of Nancy, France, have conducted a series of X-ray examinations of the hearts of aviators and have found evidence of considerable enlargement. The heart enlargement sets in early in the flying man's career, being noticeable after five months of experience in the air. The degree of enlargement is roughly proportioned to the height at which the aviator is accustomed to fly, so that simple examination of the X-ray plate suffices to determine a man's branch of flying service; whether he is doing chasing and bombing work at high altitudes, or is engaged at harrying infantry, etc., at comparatively low altitudes.

The enlargement seems to be symmetrical, and it does not appear to involve serious trouble. It is due to the heart's adapting itself to the extra work put upon it by changes in the blood circulation because of the varying conditions in the atmosphere through which the aviator flies and to the general happenings incident to aviation.

# INCREASES IN RAIL PAYROLLS

## Administration Report Shows the Changes Under Government Control.

## MANY MORE MEN EMPLOYED

### In Numerous Classes the Number of Workers Had to Be Considerably Augmented—General Information Concerning Labor.

Increases in pay of various classes of railway employees during government control was shown in detail by a railroad administration report, comparing December, 1917, the last month of private operation, and January, 1919. It is the first report of the kind prepared.

In the 13 months the number of employees rose from 1,703,000 to 1,848,000, or 8.5 per cent. This was said to be only a normal rate of increase to take care of traffic handled. In most classes of employment the numbers increased, except in the cases of freight and passenger enginemen, firemen, conductors, trainmen, and flagmen.

The aggregate pay rolls for all classes rose from $153,039,000 to $230,800,000, with the average rate of pay increase 48 per cent.

- Another needless water waste - - -

Washing your hands under running water instead of filling the wash bowl—why do you do it?

It wastes water—water costs money.

If we should tell you how much this thoughtless habit costs your household every month—if we should tell you how many hundreds of dollars' worth of water was wasted in this way last year—you would think the figures exaggerated.

But we will tell you this—it is too big a waste to be overlooked—it costs you too much every month to be continued.

Little habits of water wastefulness allowed to go on month after month, take dollars from your income. Correct these habits and keep your water bills low.

# ORGANIZED LABOR AGAINST MOONEY STRIKE, BOLSHEVISM

ATLANTIC CITY, June 18.—Following a sharp debate, during which several of the delegates almost came to blows, delegates to the American Federation of Labor convention here adopted a resolution late this afternoon refusing to indorse the general strike called for July 4 as a protest against the imprisonment of Thomas Mooney and censuring the Mooney defense committee for its alleged efforts to disrupt the American Federation of Labor.

Refusal to endorse the proposed strike was based on the assertion of labor leaders that such action would prove prejudicial to Mooney's interests.

During the debate precipitated by the resolution delegates who urged radical action on Mooney's behalf were hooted and greeted with cries of "Put him out."

Charges were made that the Mooney defense committee had used funds contributed by organized labor for the purpose of attacking the American Federation of Labor and bringing about its destruction. It also was charged that funds collected to help pay the expenses of the delegates to the recent Mooney convention in Chicago were used to pay salaries of workers for the Mooney defense committee.

The resolution, however, directed the executive council of the American Federation of Labor to "exert every effort to bring about a new trial for Mooney through recognized processes."

Organized labor struck a blow at the Bolshevik elements in its midst when the convention here adopted a resolution today denying American labor's recognition of Soviet Russia.

### SOME CLIMATE, THIS!

Eight years ago we came out to this salubrious climate from the high altitudes of the Colorado mountains, all busted to pieces, with lungs on the blink, liver that wouldn't come when it was called, digestion nix-cum-arouse, whatever that is; wore down to a feather edge and heart turning 'steen summersaults per minute. We came here to die, because this is a pleasant place to die in as well as live in, either way, and looked around for a nice, soft spot where the roses were blooming, the palm trees waving and the birds singing, to lie down on and wait more or less patiently, all same "Boob McNutt," for the glad, or sad, as the case might be, occasion to happen.

Well, it didn't happen worth a cent. All the doctors and undertakers around the bay gave us the once-over and then winked at each other and made calculation on the purchase of another automobile, new suits of black clothes and other pleasant things in their line, while the hearse drivers' union gave a picnic at Shell Mound park, wearing tube-roses in their buttonholes and that self-satisfied expression of countenance which always accompanies financial success and a bright future.

The county coroner ordered a nice smoothe brand new marble slab. He denied that it was for our special benefit, and perhaps it was only for "eventualities," but at any rate the prospects looked fine for our furnishing the "eventualities," also the grewsome subject to practice upon in fixing up that perfectly natural expression brought about upon the deceased by copious injections of squirrel juice and Lydia Pinkham's Compound for bringing the dead to life, or bringing the life to death, as the case might be, and frequently is.

But, as we said before, the happening did not happen. There was a hitch in the proceedings, and that habitual expression of sadness and melancholy gradually settled upon the countenances of the mortuary tradesmen, while the life insurance agents grew jubilant in proportion.

It is the hardest kind of a job to die in this California climate! More than nine-tenths of the time it just simply can't be done! We know, because we tried our best to pull it off, and, as the old prospector said, "did our damndest." You lie down on the nice green grass, and close your tired eyes, and cross your hands over your bosom, if you happen to have any bosom, which you haven't if you are only a mere man, and wondering whether the harp music is going to be anything like the phonograph or mechanical piano brand so prevalent nowadays that it reconciles one to death, you presently hear the rustle of wings, and opening one eye a slit to see what angels look like you find it is only three or four seagulls flapping around. Then you sort of get peeved, and as you gulp down no end of ocean ozone and begin to feel a lot of pep creeping over your system and making your nerves and other inside machinery tingle, you shake your fist at the climate and grumble because it won't even let a fellow lie down and die in peace and go to hell if he wants to, or to heaven, or the halfway station, instead of hustling around among several millions of native sons so rosy and robust they ought to be ashamed to look any self-respecting undertaker in the countenance, and several more millions of native daughters so husky of form and altogether beautiful and bewitching as to make even a mummy want to rejuvinate and get youthful enough again to embrace life's glad opportunities, including the aforesaid N. D. G. W.

Naw, we couldn't die! The climate wouldn't let us! Every time we drew up a fresh will leaving our other suit and clean shirt to whomsoever they might fit, and making special provisions that the remains be interred in the good old-fashioned way instead of being incinerated in one of these newfangled fracassee foundries and reduced to an ounce and a half of dust that might get upset and blown all around and muss up the carpets and spoil the soup and butter and things, why, along would come another big husky chunk of this dingbusted climate and crawl into the system through the pores of the skin and B. V. D.'s (we don't know whether B. V. D.'s have pores or not, but never mind, the climate knows), and we would go into a foreign cafe of some sort and get outside of a bushel of clam chowder, and then go out and take a job digging postholes, chopping wood and knocking down tenpins with a ball as big as a San Joaquin valley pumpkin.

We tell you it just can't be done. There is only one way a fellow can die in California, aside from living a hundred years or so and just naturally withering up and fading away as a dream, and that is to go out on any city street a minute and endeavor to stand still. And even that is painless, because it is instantaneous, and what few pedestrians there are left are real kind and gentle as they swab up the grease spots you occasioned on sheets of blotting paper furnished by magnanimous life insurance agents for such purposes, free of cost.

All these harrowing experiences happened to us some years ago, and we quit trying to pull off that dying stunt in a few months after arrival, as being entirely hopeless and out of the question. Now, after eight years, we are only twenty years old, although 150 upon arrival, and eat so much the beef trust has waxed wealthy, and sleep so well the neighbors complain about our running a sawmill within the city limits. We have six as fine grandchildren as ever grabbed all the nickels in the change pocket of an easy-mark grandsire, and reckon we can whip anything around this great San Francisco bay that does not weigh any more than we do and carries the same number of years. This may be a huge bluff, but a bluff is as good as four aces, if you make it stick. And this is a great life, also, if you don't weaken.

Anyhow, as we started out to say, good health is catching in California, instead of disease, and the population of the state is increasing all the time by leaps and bounds by the coming of people like we were, who put their houses in order as best they can, lie down to die under a waving palm, can't do it, and next day get up full of sea ozone and climate, grab the palm out by the roots and use it as a club to beat up any son-of-a-gun who dares to insinuate that Sandow, Dempsey or Willard has anything over them in the way of muscle, appetite, healthful vigor or general robustness.

It always happens just this way. We never knew it to fail. Moral: Come to California, where monstrous hunks of strawberry shortcake tango with Santa Claus at Christmas as plentifully as on Fourth of July, where nobody ever dies but a few Bolsheviks who are executed at San Quentin, and where one has to be very careful to prevent twins showing up to enlarge the family gathering at the 99th birthday celebration.

"I wish to state that for over 10 years I have been troubled with liver and stomach disorders; have been to over 20 American doctors; also submitted to an operation with no results.

"I began treatments with Dr. Sing Herb Company and after a few weeks had no more trouble and can eat many kinds of food I could not touch before.

TO WHOM IT MAY CONCERN:

I was suffering from piles for four or five years and in February, 1916, I submitted to an operation which was not successful, and I have been bothered with them from that time and at last became so bad that I could hardly walk

I went to Dr. Sing about three weeks ago and took treatment and I now believe I am positively cured.

I can heartily recommend Dr. Sing to anyone suffering from piles.

## MARTINEZ PHONES DUMB: LABOR COUNCILS HELP

MARTINEZ, June 18.—There was practically no change in the phone strike situation in Martinez or Contra Costa county today. The operators are still out and all local service has been completely discontinued.

Long distance emergency calls have been handled through the local office to the bay cities by Mrs. Schweinitzer, chief operator of the local office, but other than that there has been no service.

The Central Labor Council held one of the best attended meetings in the history of the organization Tuesday evening. The hall was crowded to its capacity.

A motion was made and unanimously carried that all members affiliated with the Central Labor Council of Martinez and the two councils at Richmond, be taxed to establish a fund to reimburse the operators who are out on strike, the same to continue until such a time as the operators have returned to work and received their demands.

## Norma Talmadge In 'The New Moon'

Norma Talmadge has become so imbued with Russian atmosphere since she finished her latest Select Picture, "The New Moon," a Russian story, in which she is presented by Joseph M. Schenck at the Richmond Theatre today, that she has taken to the Russian ballet and is now studying classical dancing and Russian ballet with Adolf Bolm.

Miss Talmadge is at present taking two lessons a week, and as soon as she is far enough advanced in her bar work, will form a little class, including her sister onstance, Anita Loos and Mercita Esmonde, known in private life as Mrs. Harry Northrup, which will take four lessons a week. Miss Talmadge insists it is not a fad and says that ever since she played the part of the youthful dancer in a former Select picture, "The Safety Curtain," she has been determined to make a serious study of the dance and now that the opportunity affords itself, she is going to take advantage of it.

# Local Laconics of Richmondites

Many of the members of the Gustav Vasa lodge are planning to attend the big Swedish picnic to be held at Shellmound park on Saturday afternoon.

The social evening to be given tomorrow by the Praetorians will be an interesting and entertaining social event, a program and dancing having been arranged by the committee. Members and their friends are invited to attend.

A friendly action has been filed in the superior court at Martinez by Atty. H. J. Wildgrube for Harry Plate and Walter Rihn to quiet title to property formerly owned by C. A. Miller and Wahle.

Z. P. Millington led the meeting of the Men's Bible class at the prayer meeting at the First Presbyterian church last night. The Bible class had charge of the prayer meeting and a large number of the members were present.

Helen Horner, eldest daughter of Atty. and Mrs. C. D. Horner, was operated on at the East Bay sanitorium yesterday for the removal of her tonsils. After the operation the little girl was brought home and is getting along nicely.

It is very difficult work getting local news items when there is no 'phone service, and News readers will have to excuse a poorer service than usual in this line until the 'phone strike is settled, though we are doing the best we can. Everybody is in sympathy with the girls and seems to think their cause and demands for a higher wage is just. We think so, too.

Dan Eisenberg, the local shoe dealer, paid a fine of $20 before Justice of the Peace J. A. Joyce at El Cerrito yesterday on a charge of speeding 45 miles an hour on Cutting boulevard.

After having traveled as far as Point Orion by auto and fishing on the way, a local party composed of Andy Summers, Stanley Summers, George Black and J. Degnan, returned home this week.

Looking over the city on business, Miss Esther Guild of Salt Lake was a visitor in Richmond yesterday.

Mrs. Charles Neidecker, who has been spending a week at Los Gatos, has returned to her home.

Mrs. E. S. Fish and infant son returned to their home at Bay View last night from the Craven hospital.

Two awful pretty girls were in this sentiment-moulding foundry yesterday, who belong to the local telephone force, and told us all about it. They were chaperoned by Fred Heckman, or he was chaperoned by them, or both. Pretty girls like those don't have to argue much with the News. We're for 'em, strong. If there is anything we love more than pretty girls it is some more pretty girls.

Chris. Escobar is back in the Mechanics bank, after a couple of days off to attend the funeral of his sister, Mrs. Escobar Trurtodo, of Berkeley, who died at San Jose Saturday and whose funeral took place Monday.

The Fraternal Aid Union will hold a big box social in the Woodman hall this evening. All members are cordially invited to attend and to bring their friends. A fine time is being planned for those present and good music and entertainment will be provided.

Miss D. Brown, nurse at the emergency hospital who was operated on at the Craven hospital Tuesday for appendicitis, was yesterday reported to be improving.

L. Michel, of 541 Fourth street, is entertaining his brother, E. Michel, who has just been discharged from the quartermaster's corps.

Tony Marshall, the Pullman night watchman who was struck by a street car at Potrero avenue late Tuesday night, is reported to be recoverying from his serious injuries. He was taken to the Craven hospital in an unconscious condition and was thought to have suffered a fractured skull.

# Evansville Comes Here For Cargo

Another big naval craft will be at the Richmond municipal wharf within a few days to load a cargo of foodstuffs for an eastern port. The vessel is the S. S. Evansville, owned by the U. S. Shipping Board and operated with a naval crew. The vessel is now at Mare Island discharging a cargo of iron.

From Mare Island the Evansville will go to Port Costa to take on 2500 tons of canned fruit. She will then proceed to this port to finish taking on cargo. The boat will arrive in a few days and will be loaded here in short order.

On an outing at Bodiga Bay, P. F. Galligan and J. Mahoney left here Tuesday evening.

### Classifying the Apartment.

The apartment, in spite of wide physical differences, belongs to the same family as the lead razor and the wooden nutmeg. It is built to get rid of; and the persons who acquire one usually find that it isn't what they thought it was. In the popular mind, the apartment belongs to the great family of homes, and can easily be made into a true home by the addition of a rubber plant and an enlarged photograph of the Colosseum. This is as much of a fallacy as to think that a bluejay can be made into a bluebird by giving him a bluebird house to nest in. The bluejay belongs to the crow family; and while his plumage may please the esthetic senses for a time, his raucous screams and his bullying pugnacity will inevitably offend every one. The wise man, in acquiring an apartment, views it as a branch of the wooden nutmeg family and determines to pass it on to someone else with all possible speed.—Judge.

### Some Watch!

While the latest thing in watches is the thin, round or octagon gold timepiece, Capt. Martin Van Buren Bates, who died at his home in Seville, Ohio, wore a watch that weighed four pounds. It was set with diamonds and a delicate set of chimes sounded the hours as the watch rested in his vest pocket. It was a gift from Queen Victoria.

It may be explained that the man who wore the four-pound watch was a famous giant. He stood 7 feet 4 inches and weighed 380 pounds. He was born in eastern Kentucky, and served as a soldier in the command of Gen. John Morgan, the confederate cavalry leader. He later toured the world with a circus with his first wife, Annie Swan, who was 8 feet tall.

### Evening.

Thus my wife and I have begun life together. I think that most of our evenings will be spent in the room dedicated to a kind word for life universal. No matter how closely the warring forces of existence, within or without, have pressed upon us elsewhere, when we enter there we enter peace. We shall be walled in from all darkness of whatsoever meaning; our better selves will be the sole guests of those luminous hours. And surely no greater good fortune can befall any household than to escape an ignoble evening. To attain a noble one is like lying calmly down to sleep on a mountain top towards which our feet have struggled upward amid enemies all day long.—James Lane Allen.

He who will avenge every affront means not to live long.

Many stop their noses at ambergris.—Italian Proverb.

Amnesty, that noble word, the genuine dictate of wisdom.—Chinese Proverb.

Amusement to an observing mind is study.—Bea.

Angel visits, few and far between.—Campbell.

# SAN PABLO GARAGE MAN UNDER ARREST

MARTINEZ, June 18.—Wylie Smith, former employe of the Matz garage at San Pablo, is in the county jail charged with burglary as the result of his alleged theft of a magneto and several articles from the garage at an early hour Saturday morning. The arrest of Smith took place in San Francisco yesterday when he is alleged to have attempted to dispose of some of the articles taken from the garage.

According to the story told the officers here by Matz, he had discharged Smith earlier in the day Friday. Matz had a rush job and worked until about 2 o'clock Saturday morning. He then went out to get something to eat and during his absence the garage was rifled.

Entrance was gained through a window which had been nailed up. The nails had been pulled out from the inside. Suspicion at once pointed to Smith and the officers started to hunt for him. They applied to the police of the metropolis for aid and were at once shown the things taken from the garage and which the police claimed were in possession of Smith when the was arrested.

According to District Attorney A. B. Tinning, Smith has made a complete confession, admitting the robbery of the place. The goods taken, and which have been recovered, are valued at about $140.

# Mrs. Mabel Walker Died At El Cerrito

After an illness of two weeks, Mrs. Mabel Walker, wife of George Walker, passed away at the home of Mrs. Mollie Davis at El Cerrito yesterday. Mrs. Walker was thirty-eight years old and a native of Seattle. The body is at the Curry undertaking parlors where private services will be held, probably today.

# HOMES BURGLARIZED

MARTINEZ, June 18.—Robbers raided the town of Port Costa last night, according to meager advices received here today from Constable Ahern. He reported that some twenty homes had been entered last night.

Deputy Sheriff Don Williams went to investigate today but up to a late hour had not returned and no information could be secured over the telephone due to the complete tit-up in the Crockett office.

WASHINGTON, June 18.—"The Mexican government considers as closed the incident brought about by the crossing of American troops into Mexican territory," said a statement issued today by General Candido Aguilar, President Carranza's confidential ambassador to the United States. The statement added that the Mexican government had approved "the manner in which this matter was treated before the Department of State by Confidential Ambassador Aguilar and Charge d'Affairs Ad Interim Rojo."

# DREDGEMEN STRIKE AT RICHMOND HARBOR

All dredge employees working on the Richmond harbor and Standard Oil improvements here walked out on strike yesterday with 150 other dredge men about the San Francisco bay because of the refusal of the dredging companies to raise the scale. One hundred more men are expected to walk out today at San Pedro and San Diego. As a result of the strike, all dregdes are lying idle about the bay.

Members of the Dredgemen's Union are now receiving a monthly wage scale ranging from $110 to $175. They ask an increase from $125 to $175 and double time for Sunday work. Time and a half is being paid for overtime work at present.

Notices were posted by the San Francisco Bridge Company stating that the company would meet the demands if the men would remain on their jobs. As the union had not been officially notified, however, the men walked out.

E. E. Ellison, secretary of the union, stated today that the strikers would win in short order as it is impossible for the companies to replace them.

Among the firms affected by the strike are: San Francisco Bridge Company, American Dredging Company and the Standard-American Dredging Company.

Sergt. Lester H. Conley, formerly of this city and a brother of Don Conley of 600 Ripley avenue, has arrived in the east from France with Casual Company 4449. He will spend some time at Murphy, North Carolina, before returning to the west as his health is very poor.
